

Welcome to Kindergarten. We are so excited about this upcoming year. Your children will be introduced right away to Jack and Jilly. Jack and Jilly are the two turtles in our reading program. Below is a list of the sight words for the first 15 storybooks in Jack and Jilly. Please make flashcards and practice the words each night. Learning the words in advance will only help the children to complete the books more easily as we get to them. We do not anticipate that any of the groups will go past storybook 15 before mid year. We will send you a new list of words for the remaining stories after the winter break. Prepare to be amazed as your children learn to read with Jack and Jilly.
